

CH-1 CEILING HALO

The CH-1 will cover any marks left on the ceiling by older style alarms with a larger footprint, when upgrading to FireAngel AC products.

Foam backing allows for easy fitting on uneven/textured surfaces.

- Designed for use with SM-SN-1/ WSM-SN-1/ HM-SN-1/ WHM-SN-1 series smoke and heat alarms
- Complete with screw holes and wiring cut out.
- Foam backing reduces dust ingress.

Technical Specification

Dimensions	176mm (diameter) x 3mm (depth)	<p>The technical drawing shows a circular ceiling halo with a diameter of 176mm and a depth of 3mm. It features a square cutout on the right, a T-shaped hole at the top, a small circular hole in the center, a small circular hole on the left, and a T-shaped hole at the bottom.</p>
